

Summer of Reading

June to September, 2018
In-coming 8th Graders

Read a Book!

Select any book of your choice* and read and enjoy it. (We hope you enjoy it. You chose it, after all!*)

Remember What You Have Read...

You may choose to keep a log of books read, or even minutes read—it's your choice!* For a project when we return to school, you'll need to remember what happened in your books.

Repeat!

Do it again...and one more time at least. Read at least three books all summer. How difficult is that? You can choose,* so make it work for you.

Reward Yourself...

While there are other things you could do, reading keeps your skills up during the summer. Find a way to reward yourself for reading. Like buy yourself a new book!

*Dear future Humanities students: You are required to read *The Pigman* as one of your books.

SUMMER
of **READING**
