

BTS Garden Helpers Wanted

"It Takes a Village" to nurture a garden! We're looking for teacher and parent volunteers interested in joining a Garden Committee to help the BTS garden grow! As a volunteer you may help:

- Ready the garden containers in early spring
- Winterize the garden before the first freeze
- Water, harvest and trim the garden throughout the growing season
- Develop ideas to expand the garden
- Share garden projects and lessons with students

If you are interested in helping, please contact Lucy Ragoza.

LRagoza@bedminsterschool.org
