

Notes from the Nurse: Please remember that students who require emergency medication to treat asthma, seizures or severe allergic reactions must turn in updated treatment plans each school year and provide the necessary medication to the Health Office. If you have not provided updated forms and meds to the nurse yet, please start the process today. The forms are available in the Health Office and online <https://www.bedminsterschool.org/Page/203>

WINTER SPORTS FORMS are due by October 28th! Grade 6-8 students who want to play basketball this winter must turn in the state-mandated physical forms to the school nurse by the

28th (call for an appointment today if you need a new physical exam 😊). The forms are available in the Health Office and online <https://www.bedminsterschool.org/Page/135> Parents of athletes must also register on Genesis and indicate they have read the provided information on Concussions, Eye Injuries, Sudden Cardiac Death and Opioid Use among Athletes. Students with chronic conditions such as asthma, anaphylactic allergies, epilepsy and diabetes must also provide current treatment plans and emergency medication to the Health Office to be approved for athletics.
