

## Bedminster Township Public School Homework Club

We are excited about the opportunity to offer Homework Club again this year. The purpose of Homework Club is to provide your child with a positive, academic atmosphere in which to study. In addition to completing homework, students will also be able to use computers to research and finish assignments. This program will encourage independent and cooperative study skills. It is not a time for individual subject area instruction and students must come prepared with books, materials, and assignments. Any student who anticipates completing his/her homework early should bring a book for quiet, independent reading.
