What is Closed in New Jersey?

In an effort to promote social distancing to limit the spread of the COVID-19 virus, the following are closed:

To mitigate the impact of COVID-19 and protect the capacity of New Jersey's health care system for the state's most vulnerable, Governor Phil Murphy has signed Executive Order No. 107, directing all residents to stay at home until further notice. The order provides for certain exceptions, such as obtaining essential goods or services, seeking medical attention, visiting family or close friends, reporting to work, or engaging in outdoor activities.

In an effort to strengthen the existing social distancing measures in place, the order also prohibits all gatherings of individuals, such as parties, celebrations, or other social events, unless otherwise authorized by the Order. When in public, individuals must practice social distancing and stay at least six feet apart whenever possible, excluding immediate family members, caretakers, household members, or romantic partners.

Governor Murphy's Executive Order further directs the closure of all non-essential retail businesses to the public, with the exceptions of:

- Grocery stores, farmer's markets and farms that sell directly to customers, and other food stores, including retailers that offer a varied assortment of foods comparable to what exists at a grocery store;

- Stores that principally sell supplies for children under five years;

- Car dealerships, but only for auto maintenance and repair, and auto mechanics;
- Printing and office supply shops;
- Mail and delivery stores.
